FEATURED WORKSPACE

PROJECT OVERVIEW

Inspired by our core value of "forward-thinking," the training facility will provide classroom-style and hands-on learning to the DJI team in Plumbing, HVAC, Fire Protection, and Electrical service and installation. But we felt that this was also an opportunity to give back (another core value) and are working with local schools and community groups to visit and use the facility to educate and expose their groups to the role that the trades play in today's world and the lucrative, stable career path it can provide. This facility is the latest addition to a growing Dave Jones, Inc. campus in Monona that includes a Team Headquarters building, a Service Team building, and a Fleet and Facilities Team building.

PROJECT DETAILS

PRIMARY MANUFACTURER
AIS, OFS, Urban Evolutions

PROJECT DATE
November 2022

CLIENT PROFILE:

Headquartered in Monona, WI, Dave Jones is a full-service mechanical sub-contractor, providing plumbing, heating, cooling, fire protection, and electrical installations and service in both residential and commercial settings. Recognized as an industry leader, DJI prides itself on its thorough and growing training program, strong core values, excellent benefits, and great company culture. Under the leadership of second-generation owners Greg Jones and Holly (Jones) Kellesvig, DJI has expanded to include businesses in Indianapolis, IN and Columbus, OH. DJI employs over 625 people throughout these markets and has won awards for ethics, excellence, and customer service.
